INTERESTING FACTS OF MASONIC HISTORY

The News is indebted to Gov. Wm. L. Byrd for the following interesting data concerning the early Masonic history of Indian Territory and the organization of the Grand Lodge in 1873. Representatives of the lodges of Eufaula, Doaksville and Caddo met at Caddo in October of that year and effected the organization. Eufaula, the oldest of the three, was represented by Geo. Stedham, Rev. Slocum, a Methodist missionary.

Doaksville lodge was represented by Wm. L. Byrd and August Hopping. Caddo lodge, Granville McPherson, R. P. Jones and Wiley Stewart. The officers elected were Granville McPherson, Grand Master; Rev. Slocum, Deputy Grand Master; Wm. L. Byrd, Grand Senior Warden; Augustus Hopping, Grand Junior Warden; R. P. Jones, Grand Secretary; Wiley Stewart, Grand Tiler.

The new organization notified the Grand Lodges of other states of its action and it was at once recognized by them. From this small beginning grew the present large and strong organization of the grand Lodge of Oklahoma.

TAFT DOES NOT LIKE ARIZONA CONSTITUTION

Washington, Feb. 11.—President Taft, according to his closest friends here, will refuse to approve the Arizona resolution. The collision between the president and Arizona will come when the new constitution is sent to the White House. Mr. Taft does not believe in the recall, especially as applied to judges. He will refuse to approve the recommendation of Arizona on that ground.

It has been known for some months that the president was averse to that feature of the Arizona constitution that provides for the recall.

DISTRICT COURT IN SESSION

BOND OF OSCAR JOHNSON FORFEITED—J. E. DAVENPORT AND WILL WEAVER ON TRIAL.

District court got down to real business this morning. The jurors for the term were called and a few were excused for the first two weeks on proper showing. Judge McKeown gave all the jurors something to feel good about by stating that two weeks was as long as he expected to hold any one man. He also notified the owners of the court house building that unless they at once remedied the defective flues that were smoking badly he would order it done and charge it to them.

The bond of Oscar Johnson was ordered forfeited and an alias warrant issued.

The case of J. E. Davenport and Will Weaver of near Stonewall was called. They are charged with assault with intent to kill a boy near Ahloso by the name of Foster. A motion for continuance was filed, but was overruled by the court. The case then went to trial and is in progress as the paper goes to press.

The petit jurors for the term are as follows:

Jno. Roper, J. E. Tanner, Geo. Matthews, H. Hendrix, L. W. Chandler, O. L. Myers, Willie Roberts, R. L. Rollins, Zeb McKoy, F. H. Flippin, W. A. Barrett, Dave Watson, Jim Watson, J. B. Parker, O. T. Medlock, Will Standridge, J. L. Austin, J. H. Landreth, M. Levin, A. J. Deaton, C. H. Finley, J. M. Chilcutt, T. L. Coley, P. L. Bowerman, Philip Summers.

FINAL PASSAGE OF AN IMPORTANT BILL

The most important business in the house lately was the final passage of the district attorney's bill the state capital commission bill and the senate bill ratifying the act of congress in reverting back to the towns of Muskogee, Vinita, McAlester and Ardmore federal jails and grounds surrounding. These jails had been given to the federal government some years ago and were to be returned to the cities. The only consideration now is that when ever federal prisoners are kept in them they

shall be maintained at the same expense as are other prisoners. The bill was passed finally in the house, taken to Gov. Cruce by Judge Jackson of Muskogee, and it is now a law.

LEE EDDLEMAN FOR CITY TAX ASSESSOR

When the editor of the News began his career at Ada four years ago it happened that the first news item he picked up was a four line personal concerning Lee Eddleman. Our acquaintance begun then has grown ever since, and it is with pleasure that we now present his name to the consideration of the voters as candidate for the office of city tax assessor.

FURNITURE ON EASY PAYMENTS SMITH'S 203-5 W MAIN ST.

essor, subject to the action of the democratic primary of March 21.

Mr. Eddleman has had a long experience with the business affairs of Ada, knows everybody and every piece of property in the city. His work as deputy county treasurer has given him a still broader view of the situation, and there can be no doubt about his fitness for the office to which he now aspires. At all events he invites a careful investigation of his record as a business man confident that it will result creditably for him.

Gus Angelly was in town a few minutes this morning. Said he had an invitation to eat a big turkey with Amos Hays and would take either the reporter or Duke Stone along to see if it would fatten him up. If it did he would take the other one along next time.

POST OFFICE

ROBBED

CRACKSMEN BLOW OPEN SAFE IN ALLEN POSTOFFICE—GET \$65.11 CASH.

Allen, Okla., Feb. 12.—About 2:00 o'clock Friday morning professional cracksmen blew open the U. S. post-office safe with nitroglycerin and made their escape, taking the money drawer with them, and either purposely or carelessly left \$156.00 worth of stamps within an arm's reach. The money drawer contained \$65.11.

The robbers were professionals, and their plans were well laid. The safe door was not torn from the hinges, but was bursted in many other places. The combination was torn completely out of its place, and pieces of it and the bars of the safe were scattered as far as the south wall of the Cummings & Leonard building, in which the Postoffice is located.

The cracksmen had used the deadly nitroglycerine, it being worked in by the use of soap at the top of the door, on the side that the combination was located, and by the fact that the door was not torn loose from its hinges proved that the cracksmen knew the exact quantity it required to do the desired work.

Postmaster Locke deposited \$166.00 in the Bank yesterday, and had the cracksmen done the same job a night earlier, their booty would have amounted to \$211.00 instead of 65.00 as it was.

Mr. Locke had \$20.00 of his own money in the safe and \$45.11 of the government's money.

The government authorities have been apprised of the matter and a man is expected to arrive today to look into same.

Geo. Henley, who had been to the eastern markets, arrived in Ada Saturday and spent yesterday among his friends. He and Mrs. Henley returned to Ardmore this morning.

Jim Bolen and County Attorney Wimbish of Pontotoc County distinguished themselves by their ability in the forensic art at the trial of C. M. Litchfield for murder last week.—Pauls Valley Democrat.

INDIAN BILL CANNOT PASS

NO LEGISLATION LOOKING TOWARDS SETTLEMENT OF TRIBAL AFFAIRS THIS SESSION.

Washington, D. C., Feb. 13.—When Congressman McGuire Saturday tried to secure action in the house Indian affairs committee on the bill he introduced Friday to sell the surface of the segregated coal and asphalt lands of the Choctaw and Chickasaw nations, Chairman Burke delivered an ultimatum that there would be no legislation disposing of any tribal property in Oklahoma unless the representative of the tribes and their friends in congress ceased their opposition to the enrollment of claimants whose right to tribal mem-

bership is admitted. Burke's ultimatum was a surprise and makes legislation for the sale of any of the tribal property of the Choctaw and Chickasaw nations doubtful. It showed also the determination of the leaders of Indian legislation not to enact at this session measures to correct the tribal rolls. Burke's opposition was effective and McGuire's measure was laid aside. When McGuire asked that his bill be taken up by the committee, Chairman Burke objected. He said it was agreed by all that some three hundred claimants for enrollment in the five civilized tribes were entitled to citizenship rights and their share of the tribal properties. He mentioned as instance the children of the Snake Indians who are not enrolled because their parents refused to submit their names, persons who were in insane asylums and prisons and for that reason were unable to present their rights to enrollment before too late and the fifty-two whose papers were on the desk of the secretary of the interior before

the rolls closed but were left off the rolls because the secretary failed to act on the papers in time. He said the conferees on the Indian appropriation bill had arranged to care for these cases by an amendment to that bill, but that the attorneys of the five tribes opposed any additions to the rolls. Senator Owen and Congressman Carter also opposed.

"I agree that legislation for the sale of the segregated lands is needed for that country," Burke told the committee, "but until these tribes and their representatives and friends are willing to do justice to those Indians left off the tribal rolls through no fault of their own, I will oppose any further legislation for the sale of the tribal property and disposal of the tribal funds."

Congressman Carter had a bill selling all the segregated coal and asphalt lands, a half million acres, and other tribal lands. McGuire's bill provides only for the sale of the surface of the segregated lands, the tribe retaining the minerals. Secretary

Ballinger has recommended the sale of the surface.

For Beautifying Ada.

B. H. Frick has a notion in his head for beautifying the town that is not at all bad. It is this: When Byrd's Mill water is brought to town, it is likely that there will be a considerable surplus costing practically nothing. It is Mr. Frick's idea that this might be brought down Broadway and used all along the route for irrigating the shade trees and possibly the yards. The first thing a stranger would see on coming up-town would be a street of unsurpassed loveliness and the impression made on him would be that the town is a delightful place in which to live. The only obstacle we see in the way is that there might be a scrap among several streets for this stream of crystal water.

Don't forget that Ada MUST have
a live Commercial Club. It's high time
we were organizing, selecting a well
trained secretary and getting down
to business.

A well bred hog has a higher place
in our estimation than the man who
sits down and waits for the rest of
the community to do the boosting and
bear the expense of the same while
he gets as much or more benefit than
any one else.

Come time ago Oklahoma City had
an expert engineer to look into the
Byrd's Mill water proposition, but
he reported that a 36-inch pipe to
that city would cost in the neighbor-
hood of \$4,000,000. For once the me-
tropolis seems a bit staggered and
will try to get water closer home.
The engineer also pronounced the
New Mexico project a trifle far
fetched.

THERE ARE STILL SOME UNGER- TAINTIES. OF COURSE!

If you knew that by ten inser-
tions of a one-inch ad you could
positively sell your property at a
fixed price, you'd pay a high ad-
vertising rate for those ten inser-
tions—wouldn't you?

It is not such a certainty as that,
of course! But, so far as any-
thing can be certain, you may be
sure that a reasonable amount
of advertising will sell your
property—and that the final cost
of advertising will be so small as
to seem trivial.

The News has always been very
optimistic regarding the future of Ada
and there has never been a time
when we felt more confident of the
growth and development of the city
than we do right now. We happen to
know a few facts not yet ready for
publication, that tend to show that
we are about to enter upon the
greatest era of growth and develop-
ment the town has ever known. Good
times are certainly coming and those
who have weathered the storm will be
richly rewarded for their patience
and perseverance. To assist the
movement and hurry, it along, we
should lose no time in organizing a
live commercial club that will be in
a position to take advantage of every
opportunity. Also it would not be a
bad idea to adopt the commission
government at this same period of the
town's growth.

CRUCE'S STAND ON THE GRANTING OF PARDONS

Relative to his stand on the par-
doning of persons convicted of vi-
olating liquor laws, Governor Cruce
feels that he has been mis-quoted in
some instances. He said:

"I have never said I would not par-
don a man who violates the liquor
law. Sometimes an innocent man is
convicted by perjured testimony. This
fact may not be known until after
his conviction. An innocent prisoner
wrongfully convicted will be par-
doned by me whether he be a vi-
olator of the liquor law or any other
law. I believe that the innocence
or guilt of a prisoner can be deter-
mined before the matter of his par-
don is ever brought to the attention
of the governor.

"There are three instances during
the course of his trial when his in-
nocence or guilt can be ascertained.
The prosecuting attorney has a
chance to dismiss the case, if he
knows or suspects that the prisoner
is innocent of the charges made. The
judge who sits in trial of the case,
has an opportunity to determine the
guilt or innocence of the one charged.
The jury has the same opportunity
to know as to his guilt or innocence.
It seems to me that a judge who finds
that a wrongful conviction has been
made, should set aside the conviction
and free the prisoner.

"After the county attorney, judge
and jury have found a prisoner guilty
of a crime, it is not fair to ask
the governor to set aside the penalty
imposed. I shall not exercise my
rights of executive clemency in any
case unless an injustice has been
done. I do not take this position on
the liquor question alone, but in all
cases wherein the law has been vi-
olated. It is not fair to put the ques-
tion to whether a prisoner deserves
his freedom up to the governor, after
twelve men, a judge and a prosecut-
ing attorney have found him guilty."

A Witty and Religious Sermon.

The editor attended the services at
the Baptist church Sunday night and
listened to a sermon delivered by
Rev. W. J. Shipman, of Ada, who is
missionary of the Baptist Association
of Pontotoc county.

The sermon delivered by this ex-
pounder of religion was somewhat un-
usual, but in that sermon was world's
of gilt-edged advice. He explained
the immense good; the far-reaching
and wholesome work that could be
brought to mankind by song and pray-
er. He covered many other important
religious subjects, and all this time
rather amused his audience by his
witty expression, which appeared to
be natural with him.

Sermons of this character are ele-
vating to each soul. We enjoyed it
more than in just an ordinary way.
Rev. Shipman will likely occupy
the same pulpit Sunday.—Allen Hust-
ler.

usual was going on?"

"Paw, is there any difference be-
tween timber and lumber?" "There is

represent nothing but lumber when
he gets there."—Chicago Tribune.

COURT GIVES SWANSON

COUNTY A BLACK EYE

Lawton, Okla., Feb. 11.—Overrul-
ing a demurrer filed by attorneys for
Swanson county to the dissolution
suit filed by Comanche county, Dis-
trict Judge J. T. Johnson, sitting in
special session Saturday afternoon
granted a permanent injunction re-
straining the Swanson county officials
from performing their duties and is-
sued an order dissolving the new
county which was formed by procla-
mation of ex-Governor Haskell, from
parts of Comanche and Kiowa coun-
ties.

Swanson attorneys served notice of
appeal, however, and Judge Johnson
permits the county officers to pro-
ceed with their duties providing su-
peredeas bond is furnished for
double the amount of taxes which
they are entitled to collect. This
will be approximately \$10,000. The
question on which Judge Johnson de-
cided the case was on Comanche
county's claim that a new county
cannot be formed unless each sepa-
rate county area to be included gives
60 per cent favorable vote. Although
the area as a whole voted for the
creation of the county, the Comanche
county area gave less than 25 per
cent favorable vote.

JACK JOHNSON LOOKS

DOWN BARREL OF GUN

Grand Junction, Colo., Feb. 12.—
Jack Johnson, heavyweight champ-
ion of the world, the man who put
Jeffries down with the swing of his
mighty fists and who humbled many
other trained ring athletes, today de-
clares he has been handed a defeat.
He is now a firm believer in "never
again."

Johnson, trembling with fear and
making all sorts of apologies, was
shown his place and taught to be a
gentleman last night by a white man,
and all this at the point of a gun. All
the fear that is possessed by Jack
came to light and the nerve that he
displayed in his ring engagements
seemed naught. All this happened on
board a sleeper heading for Frisco.

Johnson and four of his crowd, both
black and white, were having a gay
time in the sleeper and paid no at-
tention to the remonstrances of some
of their fellow passengers who were
annoyed by the loud talking.

Finally one of Johnson's compan-
ions deliberately spat a mouthful of
tobacco juice into a cuspidor near
the opposite seat, which was occupied
by some white women. The dress of
one of them was bespattered. Imme-
diately a passenger in a nearby seat
arose and without a word floored the
prizefighter's companion.

Johnson jumped from his seat, pre-
sumably to interfere, but found him-
self locking into the muzzle of a re-
volver held by the stranger. The ne-
gro was completely cowed, and after
giving some lecture on good behavior
the stranger sat down. For the rest
of the journey the prizefighting party
created no disturbance.

Oklahoma Vital Statistics.

Oklahoma City, Ok., Feb. 12.—Tu-
berculosis led in death percentage
during the month of December, ac-
cording to vital statistics issued by
the state board of health with its
February bulletin. The total number
of cases was ninety-one, and the
deaths fifty-five. Smallpox makes the
best showing, ninety-one cases and
no deaths. Diphtheria furnished 145
cases and thirty deaths, scarlet fever
215 cases and eleven deaths, typh-
oid fever 253 cases and thirty-eight
deaths and pneumonia 387 cases and
123 deaths. The total number of
births was 2,325 and deaths 823. Of
the first named, 1,161 were males
and 1,164 females; 2,277 white and
forty-eight black reported. The death
record shows 450 males and 373 fe-
males, 750 white and seventy-three
blacks.

As to a reduction in the percentage
of sickness, the bulletin says: "Sta-
tistics show that greatest advances
in medicine in recent years have been
in the discovery of causes and means
of prevention. The day is fast dis-
appearing when the ailing man relies
on the magic power of drugs to re-
store him to health. He is putting
into practice the principles of 'sim-
ple life,' thereby reducing his sick
days to a minimum."

Negro Lynched in Alabama.

Eufala, Ala., Feb. 12.—Iver Peter-
son, an 18-year-old negro was lynched
early today by a posse of citizens
of this place eight miles from here.

He was accused of an attempted at-
tack on a woman last night.

Peterson attempted to assault Mrs.
E. A. Hudson as she was crossing a
dimly lighted street. Her cries
brought assistance and the black fled.
He was captured this morning near
the home of Congressman Henry D.
Clayton, by officers who started to
jail with him.

Eight miles from here a posse took
the prisoner from the officers, took
him to a nearby tree, strung him up
and riddled his body with bullets.

Weather Forecast for the Week.

Washington, Feb. 12.—The pressure
distribution over the north American
continent and the adjacent oceans is
such as to indicate that temperatures
will average considerably above the
normal in the region east of the
Rocky mountains during the greater
part of the week, according to the
weather bureau predictions. West of
the Rocky mountains temperatures
will average near or below the nor-
mal.

The principal disturbance will pre-
vail in the next several days west
of the Rocky mountains cross the mid-
dle west, Wednesday or Thursday
and the eastern states the latter part
of the week.

Fatally Stabbed.

Hugo, Ok., Feb. 12.—Jim Vander-
pool was fatally stabbed ten miles
east of Hugo last night. Vanderpool
was almost completely disemboweled
and was stabbed in the breast direct-
ly over the heart. Sheriff Lofton was
notified, but has not yet made an ar-
rest. A warrant has been issued for
assault to kill.

It Does Pay to Know The Stores!

So great a part of every income is spent in
stores, that it would seem that, next to "man-
kind," "the proper study of mankind is—
stores!"

To the readers of the ads, the stores take
on individual characters—they become famil-
iar—they come to be UNDERSTOOD. The
value-giving "habits" of each store—and
the service rendered by each—are known,
and rightly valued.

The ad-reader knows an exaggerated state-
ment by an educated instinct; and an ad that
comes even to the borderland of misrepresen-
tation is a species of store-suicide.

Every merchant appreciates the NECESSI-
TY of "making good" every advertised price
concession—as well as the further NECESSI-
TY of making price concessions that are real
enough and notable enough to make the
store's advertising WORTH answering!

Thus the readers of ads keep in touch with
ALL buying opportunities in the store of the
city that make for economy in the home ex-
penses—and, thus to "know the stores"
DOES PAY!

CHILDREN INJURED.

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the
selection of medicine for children. On-
ly the very gentlest bowel medicine
should ever be given, except in em-
ergency cases. Ordinary pills, cathar-
tics and purgatives are apt to do more
harm than good. They cause griping,
nausea and other distressing after-
effects that are frequently health-
destroying and a life-lasting annoy-
ance.

We personally recommend and guar-
antee Rexall Orderlies as the safest
and most dependable remedy for con-
stipation and associate bowel disor-
ders. We have such absolute faith in
the virtues of this remedy that we
sell it on our guarantee of money
back in every instance where it fails
to give entire satisfaction, and we
urge all in need of such medicine to
try it at our risk.

Rexall Orderlies are eaten like
candy. They are particularly prompt
and agreeable in action, may be tak-
en at any time, day or night; do not
cause diarrhoea, nausea, griping, ex-
cessive looseness or other undesir-
able effects. They have a very natu-
ral action upon the glands and organs
with which they come in contact, act
as a positive and regulative tonic up-
on the relaxed muscular coat of the
bowel and its dry mucous lining; re-
move irritation, overcome weakness,
tone and strength the nerves and mus-
cles, and restore the bowels and as-
sociate organs to more vigorous and
healthy activity.

Rexall Orderlies completely relieve
constipation, except when of a surgi-
cal character. They also tend to over-
come the necessity of constantly tak-
ing laxatives to keep the bowels in
normal condition. Two sizes of pack-
ages, 10 cents and 25 cents. Remem-
ber you can obtain Rexall Remedies
in Rochester only at our store—The
Rexall Store.—The Gwin & Mays Co.

J. W. Bacon, manager of the telephone line at Allen, is in town today looking after business and also gathering information concerning electric light plants. He states that he is going to put in a plant at Allen in the near future.

Joseph Guest, dry goods buyer for Guest Bros., left this morning for market. These gentlemen want to announce to their many friends and patrons that they will have in a few days a stock of new spring goods that will excel any former showings of this store. You know their past record. They are going to still retain this record for having the BEST and you who expect to buy soon will be amply paid if you'll wait for this opening.

C. B. Allen, late of Amarillo, Tex., arrived yesterday and will make Ada his headquarters. Mr. Allen is the district agent for the Case machinery, his territory embracing nine counties in this section. As he was looking for the best town and the one with best railroad facilities, naturally he selected Ada. He will move his family here in the near future. These traveling men are worth a great deal to any community. The successful salesman is necessarily a booster, and he knows how to boost to the best advantage, too, hence we accord Mr. Allen a hearty welcome and only hope that we shall secure other "drummers" as citizens of Ada.

Reader, when you are preparing to go down town to do some trading, just pick up your home paper, glance at the advertising columns and see who wants the trade. We guarantee they will save you money. The man who advertises certainly has inducements to offer you or he wouldn't ask you to call and see him before buying—Cattaraugus (New York) Star.

And Killpatrick Grinned.

This morning the News reporter ran across A. Killpatrick, who was on his way back to Stonewall, where he has been working for sometime. Kil is grinning over a little incident that occurred there not long ago as a result of which he among others spent the sum of \$3.00 trying to learn the wonderful art of ventriloquism. Kil says that fourteen of the most prominent citizens of the town became members of the class. The professor told them all about the principles of his profession, but Kil says that somehow not a man among them has yet been able to put these principles into practice. Meantime the professor has taken his departure, and his art as well. Ventriloquism will not be very common at Stonewall for a time.

STONEWALL CITIZENS BUY TOWN LOTS

About a week ago a friend handed the News the following article. The editor thought it might be well to hold it up and await developments, and since it panned out just as he had predicted we present the article in full:

A former resident of Ada, but now of Stonewall related to the writer how a Get-Rich-Quick scheme more plausible than the Mississippi Bubble and more attractive than the Freedmen's Bureau in the Gilded Age, was worked on some citizens of our sister town.

A town lot fakir blew into Stonewall last week and unfolded a marvelous town lot sale to be pulled off near Houston, Texas, next Sunday. He very modestly refused to sell more than ten lots in any one town, but by an occult or hypnotic influence always possessed in a remarkable degree by these fakirs, he soon rounded up the requisite number. Ten tickets were deposited in a hat, one of them was marked free, and when the free ticket was drawn he solemnly assured the lucky holder that he would be transported cost and carriage free in a special car, to the boom town, but he would be given a lot free. He would be given thus an opportunity to behold with his own eyes without cost, the coveted treasure.

The other nine were easily persuaded to part with \$7.00 each for the same purpose.

The lucky holders of these town lots are to be transported from Ada to the scene of operations in a special car all free.

It is said that a sucker is born every minute, hence the supply of this finny tribe of silurians is inexhaustible. Scores of these fake lot sales have been pulled off all over the United States within the last 50 years and if ever there was one that was on the square it has never come to my notice.

If that special car shows up next Sunday and these glittering promises are all complied with the writer will do the only thing left for him to do—that is set 'em up all round.

The Second chapter of the Story.

Saturday afternoon Buck Wakely, the lucky (?) man of the bunch, as well as the other purchasers, came to Ada to be on hand for the special car. Also one man from Madill was on hand. He stated that ten lots had been disposed of there. Well, to make a long story short, no car came and the smooth salesman has not been seen since.

PROGRESS OF MEXICAN REVOLUTION

El Paso, Tex., Feb. 12.—Jefe Politico Martinez' public reception to General Navarro, set for today, has been indefinitely postponed. General Navarro did not arrive. An insurrecto courier definitely located the federal leader at a lake a few miles southwest of Ahumada, a station on the Mexican Central about eighty miles south.

The insurrecto forces are scattered between Ahumada and Jaurez wherever they can find pasture and water. The country for a hundred miles south of here is practically deserted. Manuel Casillas, probably the best educated of the insurgent leaders and who has been in El Paso at a council of war for three days, was captured by American soldiers at Isleta today. Casillas was trying to get across the river to join his command. He carried a rifle in violation of the neutrality laws and was taken into custody.

Navarro fearing mines under the tracks or bridges is said to be proceeding at a snail's pace. The track is inspected ahead of the train which together with the repairs he is compelled to make, renders his advance a tedious one.

A letter received by the local junta today from a sympathizer at Shafter, Texas, purported to show that the federals have not forsaken the practice of executing the defenseless.

The letter states that one Tom Perien, a river guard, saw the recent fight at Mulato, and that four very old men were taken out and shot,

although unarmed and defenseless.

"One of them," says the letter, "was partly blind and paralyzed and 75 years old; another was 80 years old."

The insurrecto board of strategy held a meeting at Saragosa, on the Mexican side, twelve miles east of here today. Their plans were not divulged.

Newspaper men penetrated the desert thirty miles south of Jaurez today without catching sight of the troops of either side.

Harmon Campaign Will Soon Open.

Cincinnati, Ohio, Feb. 13.—"We shall fight it out on this line if it takes all summer," said Chairman Hugh L. Nichols of the Harmon campaign committee yesterday afternoon at the headquarters, which was opened here yesterday morning.

"We expect to win the nomination for Gov. Harmon," continued Mr. Nichols.

"The headquarters will remain open until that task is completed, even if it takes a year or more to do it. We expect to win. The establishment of headquarters in this city is an excellent thing for Cincinnati, inasmuch as many notable visitors will be flocking here. We are going to do our work through the newspapers of the country, and I expect that within the next few weeks we will need larger offices than these."

The headquarters is at No. 316 Provident Bank Building. The early financing of the boom is to be done by the Governor's friends in all parts of Ohio. However, at present this is almost entirely devoted to paying the monthly rent and postage on letters sent out from here.

ARKANSAS LEGISLATURE FOR PROHIBITION

Little Rock, Ark., Feb. 12.—The state-wide prohibition bill was agreed upon at a conference today of legislators. It will be introduced in the house of representatives early this week. The wets admit it will pass the house, but claim the senate will not.

If the legislature fails to pass it, the proposition will be submitted to the people at the next state election under the initiative and referendum constitutional amendment requiring signatures of only one-eighth of Arkansas' voting population.

IT GROWS HAIR.

Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair-stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c and \$1.00. Sold only at our store.—The Rexall Store. The Gwin & Mays Drug Co.

HANDICAPPED

This Is the Case With Many Ada People.

Too many Ada citizens are handicapped with a bad back. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills help sick kidneys. Can you doubt Ada evidence? E. L. Canterbury, Sixteenth St., Ada, Okla., says: "I can recommend Doan's Kidney Pills highly, as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work, in fact, found it difficult to walk. Dull, nagging pains through my loins also caused me great misery, and I had sharp twinges when I attempted to stoop or lift. The kidney secretions were too frequent in passage and caused me additional annoyance. Doan's Kidney Pills, procured at G. M. Ramsey's Drug Store, rid me of kidney trouble and I have had no return attacks."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Bucalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

INTERESTING FACTS OF MASONIC HISTORY

The News is indebted to Gov. Wm. L. Byrd for the following interesting data concerning the early Masonic history of Indian Territory and the organization of the Grand Lodge in 1873. Representatives of the lodges of Eufaula, Doakville and Caddo met at Caddo in October of that year and effected the organization. Eufaula, the oldest of the three, was represented by Geo. Stedham, Rev. Slocum, a Methodist missionary.

Doakville lodge was represented by Wm. L. Byrd and August Hopping. Caddo lodge, Granville McPherson, R. P. Jones and Wiley Stewart. The officers elected were Granville McPherson, Grand Master; Rev. Slocum, Deputy Grand Master; Wm. L. Byrd, Grand Senior Warden; Augustus Hopping, Grand Junior Warden; R. P. Jones, Grand Secretary; Wiley Stewart, Grand Tiler.

The new organization notified the Grand Lodges of other states of its action and it was at once recognized by them. From this small beginning grew the present large and strong organization of the grand Lodge of Oklahoma.

TAFT DOES NOT LIKE ARIZONA CONSTITUTION

Washington, Feb. 11.—President Taft, according to his closest friends here, will refuse to approve the Arizona resolution. The collision between the president and Arizona will come when the new constitution is sent to the White House. Mr. Taft does not believe in the recall, especially as applied to judges. He will refuse to approve the recommendation of Arizona on that ground.

It has been known for some months that the president was averse to that feature of the Arizona constitution that provides for the recall.

FINAL PASSAGE OF AN IMPORTANT BILL

The most important business in the house lately was the final passage of the district attorney's bill the state capital commission bill and the senate bill ratifying the act of congress in reverting back to the towns of Muskogee, Vinita, McAlester and Ardmore federal jails and grounds surrounding. These jails had been given to the federal government some years ago and were to be returned to the cities. The only consideration now is that when ever federal prisoners are kept in them they

shall be maintained at the same expense as are other prisoners. The bill was passed finally in the house, taken to Gov. Cruce by Judge Jackson of Muskogee, and it is now a law.

LEE EDDLEMAN FOR CITY TAX ASSESSOR

When the editor of the News began his career at Ada four years ago it happened that the first news item he picked up was a four line personal concerning Lee Eddleman. Our acquaintance begun then has grown ever since, and it is with pleasure that we now present his name to the consideration of the voters as candidate for the office of city tax assessor.

FURNITURE ON EASY PAYMENTS SMITH'S 203-5 W MAIN ST.

Mr. Eddleman has had a long experience with the business affairs of Ada, knows everybody and every piece of property in the city. His work as deputy county treasurer has given him a still broader view of the situation, and there can be no doubt about his fitness for the office to which he now aspires. At all events he invites a careful investigation of his record as a business man confident that it will result creditably for him.

Gus Angelly was in town a few minutes this morning. Said he had an invitation to eat a big turkey with Amos Hays and would take either the reporter or Duke Stone along to see if it would fatten him up. If it did he would take the other one along next time.

POST OFFICE

ROBBED

CRACKSMEN BLOW OPEN SAFE IN ALLEN POSTOFFICE—GET \$65.11 CASH.

Allen, Okla., Feb. 12.—About 2:00 o'clock Friday morning professional cracksmen blew open the U. S. post-office safe with nitroglycerin and made their escape, taking the money drawer with them, and either purposely or carelessly left \$156.00 worth of stamps within an arm's reach. The money drawer contained \$65.11.

The robbers were professionals, and their plans were well laid. The safe door was not torn from the hinges, but was bursted in many other places. The combination was torn completely out of its place, and pieces of it and the bars of the safe were scattered as far as the south wall of the Cummings & Leonard building, in which the Postoffice is located.

The cracksmen had used the deadly nitroglycerine, it being worked in by the use of soap at the top of the door, on the side that the combination was located, and by the fact that the door was not torn loose from its hinges proved that the cracksmen knew the exact quantity it required to do the desired work.

Postmaster Locke deposited \$166.40 in the Bank yesterday, and had the cracksmen done the same job a night earlier, their booty would have amounted to \$211.00 instead of \$65.11 as it was.

Mr. Locke had \$20.00 of his own money in the safe and \$45.11 of the government's money.

The government authorities have been apprised of the matter and a man is expected to arrive today to look into same.

Geo. Henley, who had been to the eastern markets, arrived in Ada Saturday and spent yesterday among his friends. He and Mrs. Henley returned to Ardmore this morning.

Jim Bolen and County Attorney Wimbish of Pontotoc County distinguished themselves by their ability in the forensic art at the trial of C. M. Litchfield for murder last week.—Pauls Valley Democrat.

INDIAN BILL CANNOT PASS

NO LEGISLATION LOOKING TOWARDS SETTLEMENT OF TRIBAL AFFAIRS THIS SESSION.

Washington, D. C., Feb. 13.—When Congressman McGuire Saturday tried to secure action in the house Indian affairs committee on the bill he introduced Friday to sell the surface of the segregated coal and asphalt lands of the Choctaw and Chickasaw nations, Chairman Burke delivered an ultimatum that there would be no legislation disposing of any tribal property in Oklahoma unless the representative of the tribes and their friends in congress ceased their opposition to the enrollment of claimants whose right to tribal mem-

bership is admitted. Burke's ultimatum was a surprise and makes legislation for the sale of any of the tribal property of the Choctaw and Chickasaw nations doubtful. It showed also the determination of the leaders of Indian legislation not to enact at this session measures to correct the tribal rolls. Burke's opposition was effective and McGuire's measure was laid aside. When McGuire asked that his bill be taken up by the committee, Chairman Burke objected. He said it was agreed by all that some three hundred claimants for enrollment in the five civilized tribes were entitled to citizenship rights and their share of the tribal properties. He mentioned as instance the children of the Snake Indians who are not enrolled because their parents refused to submit their names, persons who were in insane asylums and prisons and for that reason were unable to present their rights to enrollment before too late and the fifty-two whose papers were on the desk of the secretary of the interior before

the rolls closed but were left off the rolls because the secretary failed to act on the papers in time. He said the conferees on the Indian appropriation bill had arranged to care for these cases by an amendment to that bill, but that the attorneys of the five tribes opposed any additions to the rolls. Senator Owen and Congressman Carter also opposed.

"I agree that legislation for the sale of the segregated lands is needed for that country," Burke told the committee, "but until these tribes and their representatives and friends are willing to do justice to those Indians left off the tribal rolls through no fault of their own, I will oppose any further legislation for the sale of the tribal property and disposal of the tribal funds."

Congressman Carter had a bill selling all the segregated coal and asphalt lands, a half million acres, and other tribal lands. McGuire's bill provides only for the sale of the surface of the segregated lands, the tribe retaining the minerals. Secretary

Ballinger has recommended the sale of the surface.

For Beautifying Ada.

B. H. Frick has a notion in his head for beautifying the town that is not at all bad. It is this: When Byrd's Mill water is brought to town, it is likely that there will be a considerable surplus costing practically nothing. It is Mr. Frick's idea that this might be brought down Broadway and used all along the route for irrigating the shade trees and possibly the yards. The first thing a stranger would see on coming up-town would be a street of unsurpassed loveliness and the impression made on him would be that the town is a delightful place in which to live. The only obstacle we see in the way is that there might be a scrap among several streets for this stream of crystal water.

Don't forget that Ada MUST have
a live Commercial Club. It's high time
we were organizing, selecting a well
trained secretary and getting down
to business.

A well bred hog has a higher place
in our estimation than the man who
sits down and waits for the rest of
the community to do the boosting and
bear the expense of the same while
he gets as much or more benefit than
any one else.

Come time ago Oklahoma City had
an expert engineer to look into the
Byrd's Mill water proposition, but
he reported that a 36-inch pipe to
that city would cost in the neighbor-
hood of \$4,000,000. For once the me-
tropolis seems a bit staggered and
will try to get water closer home.
The engineer also pronounced the
New Mexico project a trifle far
fetched.

THERE ARE STILL SOME UNER- TAINTIES. OF COURSE!

If you knew that by ten inser-
tions of a one-inch ad you could
positively sell your property at a
fixed price, you'd pay a high ad-
vertising rate for those ten inser-
tions—wouldn't you?

It is not such a certainty as that,
of course! But, so far as any-
thing can be certain, you may be
sure that a reasonable amount
of advertising will sell your
property—and that the final cost
of advertising will be so small as
to seem trivial.

The News has always been very
optimistic regarding the future of Ada
and there has never been a time
when we felt more confident of the
growth and development of the city
than we do right now. We happen to
know a few facts not yet ready for
publication, that tend to show that
we are about to enter upon the
greatest era of growth and develop-
ment the town has ever known. Good
times are certainly coming and those
who have weathered the storm will be
richly rewarded for their patience
and perseverance. To assist the
movement and hurry it along we
should lose no time in organizing a
live commercial club that will be in
a position to take advantage of every
opportunity. Also it would not be a
bad idea to adopt the commission
government at this same period of the
town's growth.

CRUCE'S STAND ON THE GRANTING OF PARDONS

Relative to his stand on the par-
doning of persons convicted of vi-
olating liquor laws, Governor Cruce
feels that he has been mis-quoted in
some instances. He said:

"I have never said I would not par-
don a man who violates the liquor
law. Sometimes an innocent man is
convicted by perjured testimony. This
fact may not be known until after
his conviction. An innocent prisoner
wrongfully convicted will be par-
doned by me whether he be a vi-
olator of the liquor law or any other
law. I believe that the innocence
or guilt of a prisoner can be deter-
mined before the matter of his par-
don is ever brought to the attention
of the governor.

"There are three instances during
the course of his trial when his in-
nocence or guilt can be ascertained.
The prosecuting attorney has a
chance to dismiss the case, if he
knows or suspects that the prisoner
is innocent of the charges made. The
judge who sits in trial of the case,
has an opportunity to determine the
guilt or innocence of the one charged.

The jury has the same opportunity
to know as to his guilt or innocence.
It seems to me that a judge who finds
that a wrongful conviction has been
made, should set aside the convic-
tion and free the prisoner.

"After the county attorney, judge
and jury have found a prisoner guilty
of a crime, it is not fair to ask
the governor to set aside the penalty
imposed. I shall not exercise my
rights of executive clemency in any
case unless an injustice has been
done. I do not take this position on
the liquor question alone, but in all
cases wherein the law has been vi-
olated. It is not fair to put the ques-
tion to whether a prisoner deserves
his freedom up to the governor, after
twelve men, a judge and a prosecut-
ing attorney have found him guilty."

A Witty and Religious Sermon.

The editor attended the services at
the Baptist church Sunday night and
listened to a sermon delivered by
Rev. W. J. Shipman, of Ada, who is
missionary of the Baptist Association
of Pontotoc county.

The sermon delivered by this ex-
pounder of religion was somewhat un-
usual, but in that sermon was world's
of gilt-edged advice. He explained
the immense good; the far-reaching
and wholesome work that could be
brought to mankind by song and pray-
er. He covered many other important
religious subjects, and all this time
rather amused his audience by his
witty expression, which appeared to
be natural with him.

Sermons of this character are ele-
vating to each soul. We enjoyed it
more than in just an ordinary way.
Rev. Shipman will likely occupy
the same pulpit Sunday.—Allen Hust-
ler.

"Paw, is there any difference be-
tween timber and lumber?" "There is
no necessary difference in kind, my

represent nothing but lumber when
he gets there."—Chicago Tribune.

COURT GIVES SWANSON

COUNTY A BLACK EYE

Lawton, Okla., Feb. 11.—Overrul-
ing a demurrer filed by attorneys for
Swanson county to the dissolution
suit filed by Comanche county, Dis-
trict Judge J. T. Johnson, sitting in
special session Saturday afternoon
granted a permanent injunction re-
straining the Swanson county officials
from performing their duties and is-
sued an order dissolving the new
county which was formed by procla-
mation of ex-Governor Haskell, from
parts of Comanche and Kiowa coun-
ties.

Swanson attorneys served notice of
appeal, however, and Judge Johnson
permits the county officers to pro-
ceed with their duties providing su-
pense bonds is furnished for
double the amount of taxes which
they are entitled to collect. This
will be approximately \$10,000. The
question on which Judge Johnson de-
cided the case was on Comanche
county's claim that a new county
cannot be formed unless each sepa-
rate county area to be included gives
60 per cent favorable vote. Although
the area as a whole voted for the
creation of the county, the Comanche
county area gave less than 25 per
cent favorable vote.

JACK JOHNSON LOOKS

DOWN BARREL OF GUN

Grand Junction, Colo., Feb. 12.—
Jack Johnson, heavyweight champ-
ion of the world, the man who put
Jeffries down with the swing of his
mighty fists and who humbled many
other trained ring athletes, today de-
clares he has been handed a defeat.
He is now a firm believer in "never
again."

Johnson, trembling with fear and
making all sorts of apologies, was
shown his place and taught to be a
gentleman last night by a white man,
and all this at the point of a gun. All
the fear that is possessed by Jack
came to light and the nerve that he
displayed in his ring engagements
seemed naught. All this happened on
board a sleeper heading for Frisco.

Johnson and four of his crowd, both
black and white, were having a gay
time in the sleeper and paid no at-
tention to the remonstrances of some
of their fellow passengers who were
annoyed by the loud talking.

Finally one of Johnson's compan-
ions deliberately spat a mouthful of
tobacco juice into a cuspidor near
the opposite seat, which was occupied
by some white women. The dress of
one of them was bespattered. Imme-
diately a passenger in a nearby seat
arose and without a word floored the
prizefighter's companion.

Johnson jumped from his seat, pre-
sumably to interfere, but found him-
self looking into the muzzle of a re-
volver held by the stranger. The ne-
gro was completely cowed, and after
giving some lecture on good behavior
the stranger sat down. For the rest
of the journey the prizefighting party
created no disturbance.

Oklahoma Vital Statistics.

Oklahoma City, Ok., Feb. 12.—Tu-
berculosis led in death percentage
during the month of December, ac-
cording to vital statistics issued by
the state board of health with its
February bulletin. The total number
of cases was ninety-one, and the
deaths fifty-five. Smallpox makes the
best showing, ninety-one cases and
no deaths. Diphtheria furnished 145
cases and thirty deaths, scarlet fever
215 cases and eleven deaths, ty-
phoid fever 253 cases and thirty-eight
deaths and pneumonia 387 cases and
123 deaths. The total number of
births was 2,325 and deaths 823. Of
the first named, 1,161 were males
and 1,164 females; 2,277 white and
forty-eight black reported. The death
record shows 450 males and 373 fe-
males, 750 white and seventy-three
blacks.

As to a reduction in the percentage
of sickness, the bulletin says: "Sta-
tistics show that greatest advances
in medicine in recent years have been
in the discovery of causes and means
of prevention. The day is fast dis-
appearing when the ailing man relies
on the magic power of drugs to re-
store him to health. He is putting
into practice the principles of 'sim-
ple life,' thereby reducing his sick
days to a minimum."

Negro Lynched in Alabama.

Enfala, Ala., Feb. 12.—Iver Peter-
son, an 18-year-old negro was lynched
early today by a posse of citizens
of this place eight miles from here.
He was accused of an attempted at-
tack on a woman last night.

Peterson attempted to assault Mrs.
E. A. Hudson as she was crossing a
dimly lighted street. Her cries
brought assistance and the black fled.
He was captured this morning near
the home of Congressman Henry D.
Clayton, by officers who started to
jail with him.

Eight miles from here a posse took
the prisoner from the officers, took
him to a nearby tree, strung him up
and riddled his body with bullets.

Weather Forecast for the Week.

Washington, Feb. 12.—The pressure
distribution over the north American
continent and the adjacent oceans is
such as to indicate that temperatures
will average considerably above the
normal in the region east of the
Rocky mountains during the greater
part of the week, according to the
weather bureau predictions. West of
the Rocky mountains temperatures
will average near or below the nor-
mal.

The principal disturbance will pre-
vail in the next several days west
of the Rock mountains cross the mid-
dle west, Wednesday or Thursday
and the eastern states the latter part
of the week.

Fatally Stabbed.

Hugo, Ok., Feb. 12.—Jim Vander-
pool was fatally stabbed ten miles
east of Hugo last night. Vanderpool
was almost completely disemboweled
and was stabbed in the breast direct-
ly over the heart. Sheriff Lofton was
notified, but has not yet made an ar-
rest. A warrant has been issued for
assault to kill.

It Does Pay to Know The Stores!

So great a part of every income is spent in
stores, that it would seem that, next to "man-
kind," "the proper study of mankind is—
stores!"

To the readers of the ads, the stores take
on individual characters—they become fami-
liar—they come to be UNDERSTOOD. The
value-giving "habits" of each store—and
the service rendered by each—are known,
and rightly valued.

The ad-reader knows an exaggerated state-
ment by an educated instinct; and an ad that
comes even to the borderland of misrepresen-
tation is a species of store-suicide.

Every merchant appreciates the NECESSI-
TY of "making good" every advertised price
concession—as well as the further NECESSI-
TY of making price concessions that are real
enough and notable enough to make the
store's advertising WORTH answering!

Thus the readers of ads keep in touch with
ALL buying opportunities in the store of the
city that make for economy in the home ex-
penses—and, thus to "know the stores"
DOES PAY!

CHILDREN INJURED.

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the
selection of medicine for children. On-
ly the very gentlest bowel medicine
should ever be given, except in em-
ergency cases. Ordinary pills, cathar-
tics and purgatives are apt to do more
harm than good. They cause griping,
nausea and other distressing after-
effects that are frequently health-
destroying and a life-lasting annoy-
ance.

We personally recommend and guar-
antee Rexall Orderlies as the safest
and most dependable remedy for con-
stipation and associate bowel disor-
ders. We have such absolute faith in
the virtues of this remedy that we
sell it on our guarantee of money
back in every instance where it fails
to give entire satisfaction, and we
urge all in need of such medicine to
try it at our risk.

Rexall Orderlies are eaten like
candy. They are particularly prompt
and agreeable in action, may be tak-
en at any time, day or night; do not
cause diarrhoea, nausea, griping, ex-
cessive looseness or other undesir-
able effects. They have a very natu-
ral action upon the glands and organs
with which they come in contact, act
as a positive and regulative tonic up-
on the relaxed muscular coat of the
bowel and its dry mucous lining; re-
move irritation, overcome weakness,
tone and strength the nerves and mus-
cles, and restore the bowels and as-
sociate organs to more vigorous and
healthy activity.

Rexall Orderlies completely relieve
constipation, except when of a surgi-
cal character. They also tend to over-
come the necessity of constantly tak-
ing laxatives to keep the bowels in
normal condition. Two sizes of pack-
ages, 10 cents and 25 cents. Remem-
ber you can obtain Rexall Remedies
in Rochester only at our store—The
Rexall Store.—The Gwin & Mays Co.

These gentlemen want to announce to their many friends and patrons that they will have in a few days a stock of new spring goods that will excel any former showings of this store. You know their past record. They are going to still retain this record for having the BEST and you who expect to buy soon will be amply paid if you'll wait for this opening. 266-1td—45-1tw

C. B. Allen, late of Amarillo, Tex., arrived yesterday and will make Ada his headquarters. Mr. Allen is the district agent for the Case machinery, his territory embracing nine counties in this section. As he was looking for the best town and the one with best railroad facilities, naturally he selected Ada. He will move his family here in the near future. These traveling men are worth a great deal to any community. The successful salesman is necessarily a booster, and he knows how to boost to the best advantage, too, hence we accord Mr. Allen a hearty welcome and only hope that we shall secure other "drummers" as citizens of Ada.

Reader, when you are preparing to go down town to do some trading, just pick up your home paper, glance at the advertising columns and see who wants the trade. We guarantee they will save you money. The man who advertises certainly has inducements to offer you or he wouldn't ask you to call and see him before buying.—Cattaraugus (New York) Star.

And Killpatrick Grinned.

This morning the News reporter ran across A. Killpatrick, who was on his way back to Stonewall, where he has been working for sometime. Kill is grinning over a little incident that occurred there not long ago as a result of which he among others spent the sum of \$3.00 trying to learn the wonderful art of ventriloquism. Kill says that fourteen of the most prominent citizens of the town became members of the class. The professor told them all about the principles of his profession, but Kill says that somehow not a man among them has yet been able to put these principles into practice. Meantime the professor has taken his departure, and his art as well. Ventriloquism will not be very common at Stonewall for a time.

STONEWALL CITIZENS BUY TOWN LOTS

About a week ago a friend handed the News the following article. The editor thought it might be well to hold it up and await developments, and since it panned out just as he had predicted we present the article in full:

A former resident of Ada, but now of Stonewall related to the writer how a Get-Rich-Quick scheme more plausible than the Mississippi Bubble and more attractive than the Freedmen's Bureau in the Gilded Age, was worked on some citizens of our sister town.

A town lot fakir blew into Stonewall last week and unfolded a marvelous town lot sale to be pulled off near Houston, Texas, next Sunday. He very modestly refused to sell more than ten lots in any one town, but by an occult or hypnotic influence always possessed in a remarkable degree by these fakirs, he soon rounded up the requisite number. Ten tickets were deposited in a hat, one of them was marked free, and when the free ticket was drawn he solemnly assured the lucky holder that he would be transported cost and carriage free in a special car, to the boom town, but he would be given a lot free. He would be given thus an opportunity to behold with his own eyes without cost, the coveted treasure.

The other nine were easily persuaded to part with \$7.00 each for the same purpose.

The lucky holders of these town lots are to be transported from Ada to the scene of operations in a special car all free.

It is said that a sucker is born every minute, hence the supply of this finny tribe of silurians is inexhaustible. Scores of these fake lot sales have been pulled off all over the United States within the last 50 years and if ever there was one that was on the square it has never come to my notice.

If that special car shows up next Sunday and these glittering promises are all complied with the writer will do the only thing left for him to do—that is set 'em up all round. Chapman.

The Second chapter of the Story.

Saturday afternoon Buck Wakely, the lucky (?) man of the bunch, as well as the other purchasers, came to Ada to be on hand for the special car. Also one man from Madill was on hand. He stated that ten lots had been disposed of there. Well, to make a long story short, no car came and the smooth salesman has not been seen since.

PROGRESS OF MEXICAN REVOLUTION

El Paso, Tex., Feb. 12.—Jefe Politico Martinez' public reception to General Navarro, set for today, has been indefinitely postponed. General Navarro did not arrive. An insurrecto courier definitely located the federal leader at a lake a few miles southwest of Ahumada, a station on the Mexican Central about eighty miles south.

The insurrecto forces are scattered between Ahumada and Jaurez wherever they can find pasture and water. The country for a hundred miles south of here is practically deserted. Manuel Casillas, probably the best educated of the insurgent leaders and who has been in El Paso at a council of war for three days, was captured by American soldiers at Isleta today. Casillas was trying to get across the river to join his command. He carried a rifle in violation of the neutrality laws and was taken into custody.

Navarro fearing mines under the tracks or bridges is said to be proceeding at a snail's pace. The track is inspected ahead of the train which together with the repairs he is compelled to make, renders his advance a tedious one.

A letter received by the local junta today from a sympathizer at Shafter, Texas, purported to show that the federals have not forsaken the practice of executing the defenseless.

The letter states that one Tom Perien, a river guard, saw the recent fight at Mulato, and that four very old men were taken out and shot,

although unarmed and defenseless.

"One of them," says the letter, "was partly blind and paralyzed and 75 years old; another was 80 years old."

The insurrecto board of strategy held a meeting at Saragosa, on the Mexican side, twelve miles east of here today. Their plans were not divulged.

Newspaper men penetrated the desert thirty miles south of Jaurez today without catching sight of the troops of either side.

Harmon Campaign Will Soon Open.

Cincinnati, Ohio, Feb. 13.—"We shall fight it out on this line if it takes all summer," said Chairman Hugh L. Nichols of the Harmon campaign committee yesterday afternoon at the headquarters, which was opened here yesterday morning.

"We expect to win the nomination for Gov. Harmon," continued Mr. Nichols.

"The headquarters will remain open until that task is completed, even if it takes a year or more to do it. We expect to win. The establishment of headquarters in this city is an excellent thing for Cincinnati, inasmuch as many notable visitors will be flocking here. We are going to do our work through the newspapers of the country, and I expect that within the next few weeks we will need larger offices than these."

The headquarters is at No. 316 Provident Bank Building. The early financing of the boom is to be done by the Governor's friends in all parts of Ohio. However, at present this is almost entirely devoted to paying the monthly rent and postage on letters sent out from here.

ARKANSAS LEGISLATURE FOR PROHIBITION

Little Rock, Ark., Feb. 12.—The state-wide prohibition bill was agreed upon at a conference today of legislators. It will be introduced in the house of representatives early this week. The wets admit it will pass the house, but claim the senate will not.

If the legislature fails to pass it, the proposition will be submitted to the people at the next state election under the initiative and referendum constitutional amendment requiring signatures of only one-eighth of Arkansas' voting population.

IT GROWS HAIR.

Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair-stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c and \$1.00. Sold only at our store—The Rexall Store. The Gwin & Mays Drug Co.

HANDICAPPED

This Is the Case With Many Ada People.

Too many Ada citizens are handicapped with a bad back. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills help sick kidneys. Can you doubt Ada evidence?

E. L. Canterbury, Sixteenth St., Ada, Okla., says: "I can recommend Doan's Kidney Pills highly, as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work, in fact, found it difficult to walk. Dull, nagging pains through my loins also caused me great misery, and I had sharp twinges when I attempted to stoop or lift. The kidney secretions were too frequent in passage and caused me additional annoyance. Doan's Kidney Pills, procured at G. M. Ramsey's Drug Store, rid me of kidney trouble and I have had no return attacks."
